

## SEKISUI HOUSE, LTD.

### Sekisui House Selected for Silver Class in RobecoSAM's Sustainability Ratings

Ranked for the 4th Consecutive Year following 3 Years of Consecutive Gold Class

Sekisui House, Ltd. was selected for the Silver Class in the Homebuilding category of the SAM Sustainability Award 2019\*. Headquartered in Switzerland, RobecoSAM AG is a class assessor of socially responsible investment (SRI).

This is the fourth consecutive year that Sekisui House has been selected, following three consecutive years of Gold Class since 2016.

\* RobecoSAM Sustainability Award until 2018.

In RobecoSAM's assessment, 2,686 of the world's largest companies in 60 industries are evaluated for their economic, environmental and social practices, and the top-scoring 15% of companies are selected as the most sustainable companies (53 of which were from Japan). Among them, companies with the highest ratings are selected for the Gold Class (5 of which were from Japan), Silver Class (3 of which were from Japan) and Bronze Class.

Sekisui House has also been selected as a constituent of the Dow Jones Sustainability World Index (DJSI World) for the third year running, and the Dow Jones Sustainability Asia Pacific Index (DJSI Asia Pacific) for the second consecutive year. Compiled by RobecoSAM and S&P Dow Jones Indices LLC in the United States, these ESG investing indices look beyond just financial performance to also evaluate companies on their environmental and social performance.

**Dow Jones  
Sustainability Indices**

In Collaboration with RobecoSAM 

The Sekisui House Group sees the RobecoSAM's sustainability ratings as an important indicator of the group's ESG management. Sekisui House also recognizes that society expects companies to implement the assessment items and contribute to achieving a sustainable society, and the group utilizes a PDCA business cycle to meet those expectations.

Sekisui House resolves social issues through housing, and is actively engaged in achieving the global common SDG targets of 2030. We aim to become a leading ESG management company that is an integral and essential part of society.
