Corresponding footnote items are included in Note 11 “Notes related to consolidated statement of cash flows.”

Notes to consolidated financial statements

1. Significant accounting policies for preparation of consolidated financial statements

(1) Basis of presentation

The accompanying consolidated financial statements of Sekisui House, Ltd. (the “Company”) and its subsidiaries (collectively, the “Group”) have been compiled from the consolidated financial statements prepared by the Company in Japanese as required by the Financial Instruments and Exchange Act of Japan, which are different in certain respects as to the application and disclosure requirements of IFRS Accounting Standards (“IFRS”).

As permitted by the Financial Instruments and Exchange Act of Japan, amounts of less than one million yen have not been presented, except for per share data. Consequently, the totals shown in the accompanying consolidated financial statements do not necessarily agree with the sum of the individual amounts.

The translation of Japanese yen amounts into U.S. dollars is included solely for the convenience of the readers and has been made at ¥153.66 = U.S.\$1.00, the approximate rate of exchange in effect on January 31, 2026. This translation should not be construed as a representation that the Japanese yen amounts have been, could have been, or could in the future be, converted into U.S. dollar amounts at the above or any other rate.

(2) Scope of consolidation

301 consolidated subsidiaries

One company was newly included in the scope of consolidation due to new establishment. In addition, 76 companies were excluded due to merger, liquidation or other reasons.

Names of major non-consolidated subsidiaries

Otori Insurance Service Co., Ltd. and five other subsidiaries

Reason for exclusion from the scope of consolidation

Non-consolidated subsidiaries are excluded from the scope of consolidation, because they were all small in scale, and any total amount in terms of their total assets, net sales and profit or loss (amount corresponding to the Company’s ownership interest) as well as retained earnings (amount corresponding to the Company’s ownership interest) and others did not significantly affect the consolidated financial statements.

(3) Application of equity method

36 companies accounted for using equity method (All are affiliates of the Company)

Three companies to which the equity method was applied were newly added as investment, etc. In addition, three companies were excluded due to merger, liquidation or other reasons.

Names of major non-consolidated subsidiaries and affiliates not accounted for using the equity method

Non-consolidated subsidiaries and affiliates: Otori Insurance Service Co., Ltd. and six other companies

Reason for not applying equity method

Non-consolidated subsidiaries and affiliates not accounted for using the equity method were excluded from the scope of application of equity method, because such exclusion had only an immaterial effect on the consolidated financial statements in terms of each company’s profit or loss (amount corresponding to the Company’s ownership interest) and retained earnings (amount corresponding to the Company’s ownership interest), and they were not significant as a whole.

Names of other companies not recognized as affiliates even though the Company holds at least 20% and up to 50% of the voting rights on its own account

Kabusiki Kaisya Sazanami no Mori and two other companies

Reason for not being included in affiliates

Although the Company indirectly held at least 20% and up to 50% of voting rights of the companies above, they were excluded from the scope of affiliates since the Company had no substantial influence on their decision making.

(4) Fiscal years of consolidated subsidiaries

For three consolidated subsidiaries whose fiscal year ends on March 31, the subsidiaries prepare their financial statements based on provisional settlement of accounts as of January 31 to reflect in the consolidated financial statements.

For one other consolidated subsidiary whose fiscal year ends on March 31, the subsidiary prepares its financial statements based on provisional settlement of accounts as of December 31 to reflect in the consolidated financial statements. For material transactions during the period from January 1 and the consolidated balance sheet date, necessary adjustments have been implemented.

For five consolidated subsidiaries whose fiscal year ends on November 30 and 263 consolidated subsidiaries whose fiscal year ends on December 31, the Company uses their financial statements as of their respective fiscal year-end. For material transactions during the respective fiscal year-end and the consolidated balance sheet date, necessary adjustments have been implemented.

2. Accounting policies

(1) Basis and methods of valuation for significant assets

(a) Securities

(i) Bonds held to maturity

Stated at amortized cost (straight-line method)

(ii) Available-for-sale securities

Securities other than shares with no market price

Stated at fair value

(Valuation differences are recorded directly in a separate component of net assets, and cost of securities sold is determined by the moving-average method)

Shares with no market price

Stated at cost determined by the moving-average method

(b) Derivatives

Stated at fair value

(c) Inventories

Stated at cost (the carrying amounts are determined based on the method of writing down the book value based on a decline in profitability)

The moving-average method is used for semi-finished goods, raw materials, and work in process and supplies, while the individual cost method is used for costs on construction contracts in progress, buildings for sale, land for sale in lots and undeveloped land for sale.

(2) Accounting methods for depreciation and amortization of significant depreciable assets

(a) Property, plant and equipment (excluding leased assets)

The Company applies the straight-line method to buildings (excluding attached structures) and facilities attached to buildings and structures acquired on and after April 1, 2016, and applies the declining-balance method for other property, plant and equipment.

(b) Intangible assets (excluding leased assets)

Amortized by the straight-line method

- (c) Leased assets
 - Leased assets in finance lease transactions that do not transfer ownership are depreciated using the straight-line method assuming that lease periods are useful lives and residual values are zero.
- (3) Accounting policy for significant provisions
 - (a) Allowance for doubtful accounts
 - To prepare for credit losses on receivables, an estimated uncollectable amount is provided at the amount estimated by either using the historical rate of credit loss for general receivables, or based on individual consideration of collectability for specific receivables such as highly doubtful receivables.
 - (b) Provision for bonuses
 - To provide payment of bonuses to employees, the estimated amount to cover the bonus payment for services provided by employees during the fiscal year is recognized.
 - (c) Provision for bonuses for directors (and other officers)
 - To provide payment of bonuses to directors (and other officers), the amount expected to be paid as of the consolidated balance sheet date is recognized.
 - (d) Provision for warranties for completed construction
 - Provisions for losses and guarantee expenses due to defects recognized after delivery are recorded based on historical repair and other costs arising from completed structures and buildings for sale.
 - (e) Provision for retirement benefits for directors (and other officers)
 - To provide for retirement payments for directors (and other officers), the Company provides the required amount at the end of the fiscal year based on internal regulations.
- (4) Accounting methods for retirement benefits
 - (a) Method of attributing expected retirement benefits to periods
 - In the calculation of retirement benefit obligations, expected retirement benefits are attributed to the period up to the end of the fiscal year on a benefit formula basis.
 - (b) Method of amortizing actuarial gains and losses and past service cost
 - Actuarial gains and losses are amortized from the fiscal year following the fiscal year in which they are incurred using the straight-line method over 5 to 14 years. Past service cost is amortized using the straight-line method over 5 to 13 years from the fiscal year in which such cost is incurred.
- (5) Accounting policy for recognition of significant revenues and expenses
 - (a) Revenue from contracts with customers
 - Information about the main performance obligations in key businesses of the Company and its consolidated subsidiaries concerning revenue from contracts with customers and the typical timing for satisfying such performance obligations (that is, when revenue is recognized) is summarized as follows.
 - (i) Order-made contract transactions
 - For order-made contract transactions, the Company enters into a construction contract agreement with the customer, and has a performance obligation to perform building construction and deliver the completed building and others to the customer based on the agreement. For such contracts, the Company's performance obligation is deemed to be fulfilled over a certain period, and the Company recognizes revenue based on the degree of progress made in satisfying the performance obligation. As for the method of estimating progress, the degree of progress is calculated at the proportion of cost incurred to total cost of construction (input method).
 - For construction contracts with a very short construction period, an alternative treatment is applied whereby revenue is recognized when the performance obligation is fully satisfied.

(ii) Sale of real estate in lots

For the sale of real estate in lots, the Company has a performance obligation to deliver the property to the customer based on the real estate sales agreement entered into with the customer. For such contracts, the Company's performance obligation is deemed to be fulfilled when the property is delivered, and the Company recognizes revenue when the property is delivered to the customer.

(b) Other revenue

For real estate lease transactions, revenue is recognized over the lease term in accordance with the "Accounting Standard for Lease Transactions" (Accounting Standards Board of Japan ("ASBJ") Statement No. 13).

(6) Accounting policy for translation of significant foreign currency assets or liabilities into Japanese yen

Monetary receivables and payables in foreign currencies are translated into Japanese yen at the spot exchange rate prevailing as of the consolidated balance sheet date, and translation differences are recognized in profit or loss. Assets and liabilities of overseas subsidiaries are translated into Japanese yen at the spot exchange rate prevailing as of the balance sheet date of overseas subsidiaries, and their revenue and expenses are translated into Japanese yen at the average exchange rate during the year. Translation differences are included in foreign currency translation adjustment and non-controlling interests under net assets.

(7) Method of significant hedge accounting

(a) Hedge accounting

Deferred hedge accounting is applied. For transactions involving forward foreign exchange contracts and currency swaps, designation accounting treatment is applied if the requirements for the treatment are satisfied, and they are recorded in Japanese yen by translation at the foreign exchange rate stipulated in the contract. For transactions involving interest rate-swap, special accounting treatment is applied if the requirements for such treatment are satisfied.

(b) Hedging instruments and hedged items

(i) The Group hedges monetary receivables and payables in foreign currencies and forecast transactions with forward foreign exchange contracts and currency swaps.

(ii) The Group hedges loans with interest-rate swaps.

(c) Hedging policy

The Group uses derivative transactions with the aim of avoiding losses from fluctuations in exchange and interest rates. The use of forward foreign exchange contracts does not exceed the amount of foreign currency transactions. The assumed principal balance subject to interest-swap transactions does not exceed the relevant interest-bearing loans outstanding.

(d) Method of assessing hedge effectiveness

The Group assesses if the percentage changes of hedging instruments and hedged items approximately range from 80% to 125%. However, it does not assess the effectiveness of hedging for transactions under forward foreign exchange contracts which satisfy the requirements of designation accounting treatment and transactions involving interest rate-swap which satisfy the requirements of special accounting treatment.

(8) Accounting method and period for amortization of goodwill

Goodwill is amortized over five years or ten years using the straight-line method, beginning in the fiscal year in which it arises, except for cases where the useful life can be estimated, in which case it is amortized over the estimated useful life based on a substantive analysis by the Company. Goodwill is charged to income as incurred if immaterial.

(9) Scope of cash and cash equivalents in consolidated statement of cash flows

Cash and deposits (excluding time deposits with maturities of more than three months) and short-term investments that are redeemable within three months from the acquisition date and that are easily converted into cash and only subject to insignificant risk in terms of price fluctuations.

(10) Other significant matters for preparing consolidated financial statements

(a) Accounting for consumption taxes

Non-deductible consumption taxes subject to non-current assets at consolidated subsidiaries whose main business is real estate leasing are recorded in “Other” under the “Investments and other assets” on the consolidated balance sheet and are amortized by the straight-line method over five years. Other non-deductible consumption taxes are expensed in the fiscal year in which they arise.

(b) Inclusion of interest expenses in acquisition cost

For overseas consolidated subsidiaries, interest expenses related to borrowings used for real estate development projects are included in the acquisition cost in accordance with the accounting standards of the country where they are located. For the current fiscal year, interest expenses in the amount of ¥40,862 million (\$265,925 thousand), ¥37,890 million (\$246,583 thousand) and ¥2,877 million (\$18,723 thousand) are included in “Buildings for sale,” “Land for sale in lots” and “Undeveloped land for sale,” respectively. For the previous fiscal year, interest expenses in the amount of ¥38,076 million, ¥26,862 million and ¥1,969 million are included in “Buildings for sale,” “Land for sale in lots” and “Undeveloped land for sale,” respectively.

3. Significant accounting estimates

(1) Valuation of real estate for sale

(a) Amounts stated in the consolidated financial statements

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Buildings for sale	¥ 1,068,926	¥ 1,093,574	\$ 7,116,842
Land for sale in lots	1,374,237	1,507,781	9,812,450
Undeveloped land for sale	396,123	433,304	2,819,888
Loss on valuation (cost of sales)	17,520	19,775	128,693

(b) Information on significant accounting estimates for the identified item

(i) Calculation method for the amount stated in the consolidated financial statements as of January 31, 2026

If the net selling price for real estate for sale at the end of the fiscal year is below the book value, the book value is reduced to the net selling price and the difference is recorded as loss on valuation. When calculating the net selling price, estimates are made in accordance with the sales price for each individual property and future business plans.

(ii) Key assumptions

Key assumptions used in calculating the net selling price are future earnings and construction costs, with the business plans estimated in light of factors such as the project location, size, marketability, other transactions in similar real estate and the real estate market.

(iii) Impact on the consolidated financial statements for the next fiscal year

If the key assumptions have changed in the next fiscal year due to economic or market deterioration, additional loss on valuation may need to be recorded.

(2) Valuation of non-current assets

(a) Amounts stated in the consolidated financial statements

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Total property, plant and equipment	¥ 534,240	¥ 466,146	\$ 3,033,620
Total intangible assets	221,873	215,174	1,400,325
Impairment losses	147	–	–

(b) Information on significant accounting estimates for the identified item

(i) Calculation method for the amount stated in the consolidated financial statements as of January 31, 2026

The Group groups the assets of investment properties by project and groups other assets by operating unit which allows the Group to manage gains and losses in a rational manner. Based on the grouping, impairment can be determined for assets or asset groups that show indications of impairment due to factors such as continuous operating losses and negative cash flows, a pronounced drop in market price or change in usage. In the event impairment losses should be recognized, the book value is written down to the recoverable value and this decrease is recorded as impairment losses. Note that the recoverable value is the net selling value or the value in use, whichever is higher. The net selling value is calculated for major investment properties by obtaining the appraisal value from a real estate appraiser, while the net selling value for the other assets is calculated by using the appraisal value calculated by a method in line with the Real Estate Appraisal Standard, less the estimated cost of disposal. In addition, value in use is calculated at present value by discounting the estimated future cash flows.

(ii) Key assumptions

Key assumptions in estimating future cash flows and calculating the recoverable value are rent, ADR (Average Daily Rate for guest rooms), vacancy rate, operating rate, discount rate and cap rate. Rent, ADR, vacancy rate and operating rate are determined with comprehensive consideration to factors such as market trends, other transactions in similar real estate and past performance. The discount rate is determined in light of similar transactions and interest rate movements, etc. In addition, the cap rate for major investment properties is obtained from an independent real estate appraiser and applied.

(iii) Impact on the consolidated financial statements for the next fiscal year

If the key assumptions have changed in the next fiscal year due to economic or market deterioration, impairment losses may need to be recorded.

4. Changes in accounting policies

Adoption of the “Accounting Standard for Current Income Taxes” and other standards

The Company and certain subsidiaries have adopted the “Accounting Standard for Current Income Taxes” (ASBJ Statement No. 27, October 28, 2022; hereinafter “Accounting Standard Revised in 2022”) and other standards from the beginning of the current fiscal year.

With regard to the revision to classification to record income taxes (taxation on other comprehensive income), the Company has conformed to the transitional treatment provided for in the proviso to paragraph 20-3 of the Accounting Standard Revised in 2022 and the transitional treatment provided for in the proviso to paragraph 65-2 (2) of “Guidance on Accounting Standard for Tax Effect Accounting” (ASBJ Guidance No. 28, October 28, 2022; hereinafter “Guidance Revised in 2022”). The impact on the consolidated financial statements for the current fiscal year is immaterial.

With regard to the revision associated with the review of treatment in the consolidated financial statements in case that gain or loss on sale of shares of a subsidiary, etc. among consolidated companies is deferred for tax purpose, the Guidance Revised in 2022 has been applied from the beginning of the current fiscal year. This change has not been retroactively applied because the impact is immaterial.

5. Accounting standards issued but not yet effective

“Accounting Standard for Leases, etc.”

- “Accounting Standard for Leases” (ASBJ Statement No. 34, September 13, 2024)
- “Implementation Guidance on Accounting Standard for Leases” (ASBJ Guidance No. 33, September 13, 2024)

In addition, amendments to related Accounting Standards, Implementation Guidance, Practical Solutions, and Transferred Guidance

(1) Overview

The standards set forth treatment whereby lessees record assets and liabilities for all leases, etc. consistent with international accounting standards.

(2) Scheduled date of application

These accounting standards and guidance will be applied from the beginning of the fiscal year ending January 31, 2029.

(3) Impact of the application of the accounting standards

The impact of the application of the “Accounting Standard for Leases” on the consolidated financial statements is currently under evaluation.

6. Change in presentation

Consolidated statement of cash flows

“Purchase of intangible assets,” which was included in “Other, net” under “Cash flows from investing activities” in the previous fiscal year, has been presented as a separate account item from the current fiscal year as its quantitative materiality has increased. In order to reflect this change in presentation, the consolidated financial statements for the previous fiscal year have been reclassified.

As a result, ¥(15,191) million included in “Other, net” under “Cash flows from investing activities” in the consolidated statement of cash flows for the previous fiscal year, has been reclassified as ¥(14,313) million of “Purchase of intangible assets” and ¥(878) million of “Other, net.”

7. Notes related to consolidated balance sheet

- *1. “Notes receivable, accounts receivable from completed construction contracts and other” include the following receivables and contract assets arising from contracts with customers.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Notes receivable – trade	¥ 2,580	¥ 5,413	\$ 35,227
Accounts receivable from completed construction contracts and others	30,901	49,335	321,066
Contract assets	176,262	147,727	961,389
Total	¥ 209,744	¥ 202,475	\$ 1,317,682

- *2. The breakdown of “Other inventories” is as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Semi-finished goods	¥ 6,592	¥ 6,477	\$ 42,152
Work in process	901	862	5,610
Raw materials and supplies	4,670	4,590	29,871
Total	¥ 12,164	¥ 11,930	\$ 77,639

- *3. Assets pertaining to non-consolidated subsidiaries and affiliates are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Investment securities	¥ 109,467	¥ 106,218	\$ 691,253

- *4. Change in holding purpose

As of January 31, 2025

¥4,187 million of real estate for sale recorded as “Buildings for sale” and “Land for sale in lots” as of January 31, 2024, has been reclassified as “Buildings and structures” and “Land,” respectively. In addition, ¥37,002 million of investment properties, etc. recorded under “Buildings and structures” and “Land” as of January 31, 2024, has been reclassified under “Buildings for sale,” “Land for sale in lots,” etc.

As of January 31, 2026

¥2,079 million (\$13,530 thousand) of real estate for sale recorded as “Buildings for sale” and “Land for sale in lots” as of January 31, 2025, has been reclassified as “Buildings and structures” and “Land,” respectively. In addition, ¥107,255 million (\$698,002 thousand) of investment properties, etc. recorded under “Buildings and structures” and “Land” as of January 31, 2025, has been reclassified under “Buildings for sale” and “Land for sale in lots.”

- *5. Assets deposited in accordance with the provisions of the “Act on Assurance of Performance of Specified Housing Defect Warranty” are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Other (current assets)	¥ 230	¥ 228	\$ 1,484
Other (investments and other assets)	8,922	8,995	58,538
Total	¥ 9,152	¥ 9,224	\$ 60,029

- *6. Collateralized assets and secured liabilities

Collateralized assets are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Buildings for sale	¥ 35,800	¥ 1,240	\$ 8,070
Land for sale in lots	33,172	29,795	193,902
Buildings and structures	1,416	482	3,137
Land	4,488	1,536	9,996
Investment securities (Note)	345	357	2,323
Total	¥ 75,223	¥ 33,411	\$ 217,435

(Note) Investment securities are provided as collateral against liabilities of investees.

Secured liabilities are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Current portion of long-term borrowings	¥ 30,413	¥ 11,482	\$ 74,723
Long-term borrowings	19,948	2,546	16,569
Long-term leasehold and guarantee deposits received	630	596	3,879

7. Contingent liabilities

Guarantees for borrowings of clients from financial institutions are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Housing purchasers, etc. using housing mortgages	¥ 125,173 [3,404 originations]	¥ 109,706 [2,901 originations]	\$ 713,953
Subsidiaries and affiliates	53,315	16,578	107,888

*8. Non-recourse debt

(1) Non-recourse debt is as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Current portion of long-term borrowings	¥ 25,491	¥ –	\$ –

(2) Assets corresponding to non-recourse debt are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Buildings for sale	¥ 35,800	¥ –	\$ –

The above amounts are included in the amounts in “*6. Collateralized assets and secured liabilities.”

*9. “Advances received on construction contracts in progress” include the following contract liabilities.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Contract liabilities	¥ 167,770	¥ 182,711	\$ 1,189,060

10. Commitment line contracts

The Group has entered into commitment line contracts with 29 financial institutions to effectively fund working capital.

The amount borrowed in accordance with these commitment line contracts and total unused amount are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Total amount of commitment lines	¥ 838,607	¥ 890,529	\$ 5,795,451
Amount borrowed	421,302	530,406	3,451,816
Total unused amount	¥ 417,305	¥ 360,123	\$ 2,343,635

8. Notes related to consolidated statement of income

*1. Revenue from contracts with customers

Net sales are not separately presented for revenue from contracts with customers and other revenue. The amount of revenue from contracts with customers is presented in “1. Information on breakdown of revenue from contracts with customers” under the note on “Revenue recognition” in the consolidated financial statements.

*2. The amount of inventories at the end of the fiscal year is evaluated after write downs due to a decline in profitability and the following loss on revaluation of inventories is included in cost of sales.

(Millions of yen)		(Thousands of U.S. dollars)
Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
¥ 17,520	¥ 19,775	\$ 128,693

*3. Major items and amounts of selling, general and administrative expenses are as follows.

(1) Selling expenses

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Advertising expenses	¥ 30,446	¥ 36,242	¥ 235,858
Sales promotion expenses	56,598	52,853	343,961
Provision of allowance for doubtful accounts	857	196	1,276

(2) General and administrative expenses

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Employees' salaries and bonuses	¥ 161,888	¥ 178,017	\$ 1,158,512
Provision for bonuses	23,068	26,461	172,205
Provision for bonuses for directors (and other officers)	4,941	4,156	27,047
Retirement benefit expenses	2,465	1,643	10,692
Provision for retirement benefits for directors (and other officers)	216	208	1,354

*4. Impairment losses

The Group recorded impairment losses for the following asset groups.

Fiscal year ended January 31, 2025

Location	Usage	Type
Sano City, Tochigi, etc.	Business assets, etc.	Buildings, land, etc.

The Group groups investment properties by project and groups other assets by operating unit which allows us to manage gains and losses in a rational manner and considers recognition of impairment losses. For business assets, etc., the book value was written down to the recoverable value as of January 31, 2025 and the amount of the decrease was recorded as impairment losses under extraordinary losses.

(Breakdown of impairment losses)

Type	Amount (Millions of yen)
Buildings and structures	¥ 12
Land	123
Other, net	12
Total	¥ 147

The recoverable value of such assets was calculated mainly on the net selling value. The net selling value is determined based on the estimated disposal value.

Fiscal year ended January 31, 2026

Nothing to report

- *5. The breakdown of loss on sale and retirement of non-current assets is as follows.

	(Millions of yen)		(Thousands of U.S. dollars)

Current liabilities	¥ 223	¥ 223	\$ 1,451
Non-current liabilities	3,693	3,469	22,576

13. Financial instruments

1. Matters related to the status of financial instruments

(1) Policy with regard to financial instruments

The Group procures funds required for its business from internal funds to the extent possible. It procures additional necessary funds mainly through borrowings from banks and issuance of bonds, and procures short-term working capital through commercial paper, and other means. The Group manages its funds in highly stable financial assets.

The Group procures funds in Japanese yen-denominated or foreign-denominated currency, and with fixed or variable interest rates. The term of maturity of such funds is decided by comprehensively considering diversification of maturity dates and the financing environment, among other factors.

With regard to derivative transactions, the Group uses transactions to avoid the risks described below, and does not engage in transactions for speculative or trading purposes.

(2) Description of financial instruments and their risks

Notes receivable, accounts receivable from completed construction contracts and other are exposed to customers' credit risk.

Securities and investment securities, primarily stock and investments in special purpose companies (SPC) and partnerships, are exposed to the risk associated with issuing entities' credit and market value fluctuations.

Notes payable, electronically recorded obligations - operating, accounts payable for construction contracts, etc. are due mainly within one year.

Variable-interest-rate borrowings, foreign-currency-denominated borrowings, and foreign-currency-denominated bonds are exposed to risks associated with interest rate fluctuation and foreign exchange fluctuation.

With regard to derivative transactions, the Group uses forward foreign exchange contracts and currency swaps with the aim of hedging the risk associated with monetary receivables and payables in foreign currencies associated with export and import transactions and investment and loans for overseas subsidiaries. The Group also uses interest rate swaps to hedge interest rate fluctuation risk related to borrowings and bonds. Hedging instruments and hedged items, hedging policy, and method of assessing hedge effectiveness are described in significant accounting policies for preparation of consolidated financial statements "2. Accounting policies, (7) Method of significant hedge accounting."

(3) Risk management system for financial instruments

(i) Management of credit risk (counterparties' default risk, etc.)

The Accounting and Finance Departments of the Company, responsible accounting division of each subsidiary and management division of each branch monitor the collection, due dates and outstanding balances by customer. Also, they make efforts to identify, at an early stage, and mitigate risks of default possibilities because of deterioration of financial condition, etc.

(ii) Management of market risk (fluctuation risk of stock price, foreign exchange rate, interest rate, etc.)

With regard to securities and investment securities, the Group continually reviews its status of holdings by periodically examining market prices and financial condition of the issuing entities (business partners).

With regard to foreign exchange fluctuation risk and interest rate fluctuation risk, the Group seeks matching of assets and procurement, and uses derivative transactions, such as currency swaps, interest rate-swap transactions, and forward foreign exchange contracts, as hedge instruments for individual contracts.

The Group executes and manages derivative transactions within the limits of established internal rules and regulations, and reduces credit risk by diversifying its transactions among financial institutions with high credibility.

- (iii) Management of financing liquidity risk (the risk that the Group cannot pay its debt on the due date of payment)

Based on reports from each division of the Group's branch, the Finance Department of the Company and responsible finance division of each subsidiary prepare and update their cash flow plans on a timely basis and maintain appropriate liquidity levels to manage liquidity risk. They also have multiple methods of stable financing, such as entering into commitment line contracts or providing the overdraft. In addition, the Group has funding systems, such as the cash management system, to supply funds to the subsidiaries flexibly.

- (4) Supplemental information on the fair value of financial instruments

The fair value of financial instruments includes the value based on market prices, and the reasonably calculated value when no market prices are available. Since such value calculations include variable factors, estimated value is subject to fluctuation due to changes in the underlying assumptions. Furthermore, with regard to contract price, etc. related to derivative transactions in the notes on "15. Derivatives," prices themselves do not indicate market risks of derivative transactions.

2. Matters related to the fair value of financial instruments

Amounts stated in the consolidated balance sheet, fair values and their differences are as follows.

As of January 31, 2025

(Millions of yen)

	Amount stated in consolidated balance sheet	Fair value	Difference
Securities and investment securities			
Bonds held to maturity	¥ 120	¥ 120	¥ -
Securities of subsidiaries and affiliates	3,127	2,230	(897)

3. Breakdown by level of fair values of financial instruments

Fair values of financial instruments are categorized into the following three levels on the basis of observability and significance of inputs used to measure fair value.

Level 1 fair value: Fair values measured using quoted prices (unadjusted) of identical assets or liabilities in active markets

Level 2 fair value: Fair values measured using directly or indirectly observable inputs other than Level 1 inputs

Level 3 fair value: Fair values measured using significant unobservable inputs

When several inputs that have significant impact on the measurement of fair value are used, the fair value is categorized into the lowest hierarchy level for the measurement of fair value among those in which each of the inputs belongs.

(Note) Explanation of valuation methods and inputs used to calculate fair value and matters related to securities

Securities and investment securities

The fair value of these securities for which quoted prices in an active market can be used is classified as Level 1. The fair value of bonds held to maturity is calculated using the discounted present value method based on the total amount of principal and interest at an interest rate which reflects the remaining term to maturity and credit risk involved, and classified as Level 2 fair value.

Please refer to the notes in “14. Securities” for matters concerning securities classified by holding purpose.

Derivatives

The fair value of derivative transactions is calculated based on the prices provided by counterparty financial institutions, and is classified as Level 2. In addition, since interest-rate swaps subject to special accounting treatment are accounted for together with the long-term borrowings being hedged, their fair value is included in the fair value of the relevant long-term borrowings.

Bonds payable

The fair value is stated based on information such as publicly disclosed prices and yields by industry associations, etc., and classified as Level 2. In addition, the fair value of fixed-interest-rate bonds is calculated based on the present value which is the total principal and interest discounted by the interest rate corresponding to the remaining term, and classified as Level 2.

Long-term borrowings

Long-term borrowings with a floating rate interest are stated at book value because their fair value and book value are approximately identical. In addition, the fair value of fixed-interest-rate long-term borrowings is calculated based on the present value which is the total principal and interest discounted by the interest rate corresponding to the borrowing period, and classified as Level 2. Furthermore, the fair value of long-term borrowings subject to special accounting treatment for interest-rate swaps is calculated using the total amount of the principal and interest accounted for together with the related interest-rate swaps, and is classified as Level 2 fair value.

Off-market transactions	Currency swaps	¥ 55,038	¥ 55,038	¥ (3,824)	¥ (3,824)
Total		¥ 55,038	¥ 55,038	¥ (3,824)	¥ (3,824)

(Thousands of U.S. dollars)

Categories	Transaction type	Notional amount	Due after one year	Fair value	Gains (losses) on valuation
Off-market transactions	Currency swaps	\$ 358,180	\$ 358,180	\$ (24,886)	\$ (24,886)
Total		\$ 358,180	\$ 358,180	\$ (24,886)	\$ (24,886)

(Note) The method of calculating fair value is described in Note 13 “Financial instruments 3. Breakdown by level of fair values of financial instruments (Note) Explanation of valuation methods and inputs used to calculate fair value and matters related to securities.”

2. Derivative transactions to which the hedge accounting method is applied

As of January 31, 2025

Not presented due to immateriality

As of January 31, 2026

Interest rate-related

(Millions of yen)

Method of hedge accounting	Transaction type	Major hedged items	Notional amount	Due after one year	Fair value
Special accounting treatment of interest rate swaps	Interest rate swaps Received/floating and paid/fixed	Long-term borrowings	¥139,161	¥139,161	(Note)
Total			¥139,161	¥139,161	

(Thousands of U.S. dollars)

Method of hedge accounting	Transaction type	Major hedged items	Notional amount	Due after one year	Fair value
Special accounting treatment of interest rate swaps	Interest rate swaps Received/floating and paid/fixed	Long-term borrowings	\$ 905,642	\$ 905,642	(Note)
Total			\$ 905,642	\$ 905,642	

(Note) Since interest-rate swaps subject to special accounting treatment are accounted for together with the long-term borrowings being hedged, their fair value is included in the fair value of the relevant long-term borrowings.

16. Retirement benefits

1. Overview of the adopted retirement benefits plan

The Company and its consolidated subsidiaries have defined benefit plans, which consist of corporate pension funds and lump-sum payment retirement plan and defined contribution pension plans.

Some consolidated subsidiaries calculate the retirement benefit liability and retirement benefit expenses with the simplified method.

Additional retirement benefits may also be paid when employees retire.

2. Defined benefit plans

(1) Reconciliation of retirement benefit obligations at the beginning and end of year

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Retirement benefit obligations at the beginning of year	¥ 306,670	¥ 306,082	\$ 1,991,943
Service expenses	12,084	11,670	75,947
Interest expenses	5,101	5,090	33,125
Unrecognized net actuarial gain or loss incurred	(4,524)	(61,865)	(402,610)
Payments of retirement benefits	(13,151)	(15,526)	(101,041)
Past service cost incurred	(73)	–	–
Net change due to the change from the simplified method to the principle method	(55)	6	39
Net change as a result of change in the scope of consolidation	31	–	–
Retirement benefit obligations at the end of year	¥ 306,082	¥ 245,458	\$ 1,597,410

(Note) Includes plans applying the simplified method.

(2) Reconciliation of pension assets at the beginning and end of year

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Pension assets at the beginning of year	¥ 311,394	¥ 321,198	\$ 2,090,316
Expected returns on pension assets	7,639	7,907	51,458
Unrecognized net actuarial gain or loss incurred	4,616	5,601	36,451
Contributions paid by the employer	8,908	8,924	58,076
Payments of retirement benefits	(11,208)	(12,830)	(83,496)
Net change due to the change from the simplified method to the principle method	(151)	–	–
Pension assets at the end of year	¥ 321,198	¥ 330,801	\$ 2,152,811

(Note) Includes plans applying the simplified method.

(3) Reconciliation of retirement benefit obligations and pension assets at the end of the year and retirement benefit liability and retirement benefit asset recorded in the consolidated balance sheet

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Funded retirement benefit obligations	¥ 274,449	¥ 217,940	\$ 1,418,326
Pension assets	(321,198)	(330,801)	(2,152,811)
Subtotal	(46,749)	(112,861)	(734,485)
Unfunded retirement benefit obligations	31,632	27,517	179,077
Net amount of liability and asset recorded in the consolidated balance sheet	(15,116)	(85,343)	(555,402)
Retirement benefit liability	31,632	27,517	179,077
Retirement benefit asset	(46,749)	(112,861)	(734,485)
Net amount of liability and asset recorded in the consolidated balance sheet	¥ (15,116)	¥ (85,343)	\$ (555,402)

(Note) Includes plans applying the simplified method.

(4) Retirement benefit expenses and the breakdown of amounts

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Service expenses (Note 1)	¥ 12,084	¥ 11,670	\$ 75,947
Interest expenses	5,101	5,090	33,125
Expected returns on pension assets	(7,639)	(7,907)	(51,458)
Amortization of actuarial gains and losses	(10,554)	(11,319)	(73,663)
Amortization of past service cost	296	233	1,516
Amortization resulting from the change from the simplified method to the principle method	9	6	39
Other (Note 2)	817	678	4,412
Retirement benefit expenses related to the defined benefit plans	¥ 115	¥ (1,546)	\$ (10,061)

(Notes) 1. Retirement benefit expenses of consolidated subsidiaries that apply the simplified method are recorded in service expenses

2. Other is mainly the amount of additional retirement payments.

(5) Remeasurements of defined benefit plans, net of tax

The breakdown of items recorded as remeasurements of defined benefit plans, net of tax (before deducting income taxes and tax effect) is as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Past service cost	¥ 370	¥ 256	\$ 1,666
Actuarial gains and losses	(1,413)	56,124	365,248
Total	¥ (1,043)	¥ 56,381	\$ 366,920

(6) Remeasurements of defined benefit plans

The breakdown of items recorded as remeasurements of defined benefit plans (before deducting income taxes and tax effect) is as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Unrecognized past service cost	¥ (874)	¥ (617)	\$ (4,015)
Unrecognized actuarial gains and losses	32,879	89,003	579,220
Total	¥ 32,005	¥ 88,386	\$ 575,205

(7) Matters concerning pension assets

(i) Major components of pension assets

The proportion of total pension assets by classification is as follows.

	As of January 31, 2025	As of January 31, 2026
Bonds	32%	28%
Credit investing	18	16
Private equity	16	17
General account	13	14
Equity securities	9	8
Cash and deposits	1	2
Other, net	11	15
Total	100%	100%

(ii) Method for setting the long-term expected rate of return

The long-term expected rate of return on pension assets is determined based on the current and forecast allocation of pension assets and the current and expected long-term rates of return on various asset classes that make up the pension assets.

(8) Matters concerning the assumptions for actuarial calculations

Key assumptions for actuarial calculations

	As of January 31, 2025	As of January 31, 2026
Discount rate	Mainly 1.7%	Mainly 3.4%
Long-term expected rate of return	Mainly 2.5%	Mainly 2.5%
Estimated rate of salary increase	Mainly 4.4%	Mainly 4.4%

(Note) Estimated rate of salary increase is calculated based on the point system.

3. Defined contribution plan

The required contributions of the Company and its consolidated subsidiaries to the defined contribution plans were ¥1,603 million and ¥2,820 million (\$18,352 thousand) in the previous and the current fiscal years, respectively.

* Tax loss carry-forward is the amount multiplied by the statutory tax rate.

(Change in presentation)

“Interest expenses”, which was included in “Other” under “Deferred tax assets” in the previous fiscal year, has been presented as a separate account item from the current fiscal year as the amount has become material. “Accrued social insurance premium”, which was presented as a separate account item in the previous year, is included in “Other” under “Deferred tax assets” from the current fiscal year as the amount has become immaterial. In order to reflect these changes in presentation, the notes for the previous fiscal year have been reclassified. As a result, ¥1,761 million of “Accrued social insurance premium” and ¥26,521 million of “Other” under “Deferred tax assets” in the previous fiscal year, have been reclassified as ¥8,612 million (\$56,046 thousand) of “Interest expenses” and ¥19,671 million (\$128,016 thousand) of “Other.”

2. A breakdown by major items that cause the difference between the statutory tax rate and the effective tax rate after applying tax effect accounting when it is material

	As of January 31, 2025	As of January 31, 2026
Statutory tax rate	30.5%	
(Adjustments)		
Permanently non-deductible expenses, such as entertainment expenses	0.3	
Permanently non-taxable income, such as dividend income	(0.0)	
Per capita inhabitant tax etc.	0.2	
Net change in valuation allowance	(0.6)	
(Gain) loss on liquidation of subsidiaries and affiliates	(0.2)	
Share of loss (profit) of entities accounted for using the equity method	0.3	
Difference in income tax rates of overseas subsidiaries	(0.6)	
Tax credits	(0.8)	
Tax effect on internal reserves of overseas subsidiaries	0.3	
Others	(1.8)	
Income tax rate after applying tax effect accounting	27.6%	Notes are omitted as the difference between the statutory tax rate and the effective tax rate after applying tax effect accounting is 5% or less of the statutory tax rate.

3. Adjustment of deferred tax assets and deferred tax liabilities due to changes in income tax rates

The “Act for Partial Amendment of the Income Tax Act, etc.” (Act No. 13 of 2025) was enacted by the National Diet on March 31, 2025, under which the Defense Special Corporate Tax will be imposed for fiscal years starting on or after April 1, 2026. Following this, the statutory tax rate used to calculate deferred tax assets and deferred tax liabilities will be changed from the previous 30.5% to 31.4% for temporary differences expected to be resolved in fiscal years starting on or after February 1, 2027.

The effect of this change in statutory tax rate is immaterial.

19. Business combinations

The description of business combinations is omitted because there were no significant transactions during the current fiscal year.

20. Asset retirement obligations

Asset retirement obligations included in the consolidated balance sheet

a. Overview of such asset retirement obligations

Obligations for restoration related to exhibitor contracts for housing exhibition venues and term leasehold contracts on offices and real estate for lease, etc.

b. Method for calculating the amount of such asset retirement obligations

The amount of asset retirement obligations is calculated by estimating the expected useful life of each project and using the risk-free rate at the beginning of the fiscal year as the discount rate.

c. Change in the total amount of such asset retirement obligations

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Balance at beginning of year	¥ 3,641	¥3,712	\$ 24,157
Increase due to acquisition of property, plant and equipment	202	194	1,263
Adjustments due to passage of time	18	21	137
Decrease due to implementation of asset retirement obligations	(150)	(169)	(1,100)
Other changes	–	(13)	(85)
Balance at end of year	¥ 3,712	¥ 3,745	\$ 24,372

21. Real estate for lease, etc.

The Company and some of its consolidated subsidiaries own rental housing and office buildings for leasing in Tokyo and other areas. For the previous fiscal year, net rental income for such real estate for lease, etc. was ¥3,928 million (rental revenue is recorded as net sales and rental expenses is mainly recorded as cost of sales). For the current fiscal year, net rental income for such real estate for lease, etc. was ¥2,324 million (\$15,124 thousand) (rental revenue is recorded as net sales and rental expenses is mainly recorded as cost of sales).

The amounts stated in the consolidated balance sheet, changes of the amounts during the year and fair value of the real estate for lease, etc. are as follows.

	(Millions of yen)		(Thousands of U.S. dollars)
	Fiscal year ended January 31, 2025	Fiscal year ended January 31, 2026	Fiscal year ended January 31, 2026
Amount stated in consolidated balance sheet			
Balance at beginning of year	¥ 377,931	¥ 394,436	\$ 2,566,940
Change during the year	16,505	(77,879)	(506,827)
Balance at end of year	394,436	316,557	2,060,113
Fair value at end of year	480,298	410,518	2,671,600

(Notes) 1. The amounts stated in the consolidated balance sheet are calculated by deducting the relevant accumulated depreciation and impairment losses from the acquisition cost.

2. Changes during the previous fiscal year mainly resulted from increases due to real estate acquisition (¥60,066 million) and decreases due to transfers with inventories (¥35,409 million) and depreciation (¥7,465 million). Changes during the current fiscal year mainly resulted from increases due to real estate acquisition (¥33,765 million (\$219,738 thousand)) and decreases due to transfers with inventories (¥102,587 million (\$667,623 thousand)) and depreciation (¥8,154 million (\$53,065 thousand)).

3. Fair values at the end of the year for major properties are calculated based on real estate appraisal by real estate appraiser. Fair values at the end of the year for other properties are calculated by the Company based on the Real Estate Appraisal Standard.

22. Revenue recognition

1. Information on breakdown of revenue from contracts with customers

Fiscal year ended January 31, 2025

2. Information providing a basis for understanding revenue from contracts with customers

The consideration for major business transactions is received generally within one year from the satisfaction of the performance obligation, and the amount of such consideration does not contain a significant financing component. Moreover, there is no significant variable consideration that could cause fluctuations in the amount of consideration.

(1) Construction and sales

With respect to ordered contract transactions, the Company executes construction contracts with customers and has an obligation to perform construction work and deliver to the customers based on the construction contracts. For such contracts, the Company's performance obligations are deemed to be satisfied over a certain period of time, and the Company recognizes revenue based on the degree of progress made in satisfying the performance obligation. As for the method of estimating progress, the degree of progress is calculated at the proportion of cost incurred to total cost of construction (input method).

With respect to construction contracts with a very short construction period, etc., an alternative treatment is applied whereby revenue is recognized when the performance obligation is fully satisfied.

With respect to real estate sale transactions, the Company has an obligation to deliver the property to the customer based on the real estate sales contracts. For such contracts, the Company's performance obligation is deemed to be satisfied when the property is delivered, and the Company recognizes revenue when the property is delivered to the customer.

(2) Real estate management and other

With respect to transactions involving real estate for lease that are the main components of real estate management, revenue is recognized over the lease term in accordance with the "Accounting Standard for Lease Transactions" (ASBJ Statement No. 13), and included in "Other revenue."

Moreover, for real estate management transactions, the Company executes management service contracts with customers and has an obligation to provide building management services based on the contracts. For such contracts, the Company recognizes revenue when the performance obligation is satisfied at a point in time or over a certain period of time as appropriate for the content of the performance obligation.

3. Information about the relationship between the satisfaction of performance obligations under contracts with customers and cash flows from these contracts, and the amount and timing of revenue expected to be recognized in subsequent fiscal years from contracts with customers that exist at the end of the current fiscal year

(1) Balance of contract assets and contract liabilities

	(Millions of yen)		(Thousands of U.S. dollars)
	As of January 31, 2025	As of January 31, 2026	As of January 31, 2026
Receivables from contracts with customers (Balance at beginning of year)	¥ 33,071	¥ 33,482	\$ 217,897
Receivables from contracts with customers (Balance at end of year)	33,482	54,748	356,293
Contract assets (Balance at beginning of year)	142,138	176,262	1,147,091
Contract assets (Balance at end of year)	176,262	147,727	961,389
Contract liabilities (Balance at beginning of year)	159,309	167,770	1,091,826
Contract liabilities (Balance at end of year)	¥ 167,770	¥ 182,711	\$ 1,189,060

Contract assets refer to the rights of the Company and its consolidated subsidiaries with respect to the consideration for which revenue has been recognized based on the progress of performance obligations in construction contracts with customers at the end of the year, but which have not yet been invoiced. Contract assets are reclassified to receivables from contracts with customers when the Company and its consolidated subsidiaries' rights to the consideration are unconditional. The consideration relating to such construction contracts is invoiced and received based on the terms and conditions of payment in the contracts.

Contract liabilities refer to the advances received from customers, including advances received on construction contracts in progress and earnest money received from customers under real estate sales contracts. Contract liabilities are reversed upon recognition of revenue.

Of the amount of revenue recognized in the previous fiscal year, the amount included in the balance of contract liabilities at the beginning of the year was ¥155,115 million.

Of the amount of revenue recognized in the current fiscal year, the amount included in the balance of contract liabilities at the beginning of the year was ¥160,381 million (\$1,043,739 thousand).

(2) Transaction price allocated to remaining performance obligations

The total transaction price allocated to the remaining performance obligations in the previous fiscal year was ¥1,754,577 million, and at the longest, this amount is expected to be recognized as revenue within 11 years. The total transaction price allocated to the remaining performance obligations in the current fiscal year was ¥1,804,417 million (\$11,742,919 thousand), and at the longest, this amount is expected to be recognized as revenue within 10 years. The practical expedient is applied and contracts with an initially expected contract term of one year or less are not included in the notes.

23. Segment information

[Segment information]

1. Description of reportable segments

The reportable segments of the Group are constituent units of the Group for which separate financial information is obtainable. These segments are periodically examined by management for the purpose of deciding the allocation of management resources and evaluating operating results.

The Group has established "Make Home the Happiest Place in the World" as its global vision, under the management policy of designating for deployment of growth strategies focused on the residential business domain and set the goal of becoming a global company that provides the integrated technologies, lifestyle designs and services and plans strategies and undertakes business activities in each business domain.

The Group is composed of segments by product and service founded on business domains, and excluding business domains under "Other," the reportable segments are "Custom detached houses Business," "Rental housing and commercial buildings Business," "Architectural / Civil engineering Business," "Rental housing management Business," "Remodeling Business," "Development Business" and "Overseas Business."

The details of each reportable segment are as follows.

Custom detached houses Business:	Contracting of design and construction, and sales of custom detached houses (Main companies: Sekisui House, Ltd., Sekisui House Construction Group)
----------------------------------	--

Rental housing and commercial buildings Business:	Contracting of design and construction, and sales of rental housing, commercial buildings and other properties (Main companies: Sekisui House, Ltd., Sekisui House Construction Group)
---	---

Architectural / Civil engineering Business:	Construction of commercial buildings and other properties and contracting of design and construction of civil engineering works (Main company: Konoike Construction Group)
Rental housing management Business:	Leasing and management operations for rental housing and other properties (Main company: Sekisui House Real Estate Group)
Remodeling Business:	Remodeling of detached houses, rental housing, and other properties (Main companies: Sekisui House Remodeling, Ltd., Sekisui House Support Plus, Ltd., Sekisui House Real Estate Group, Sekisui House Construction Group)
Development Business:	Consists of the three following businesses. Real estate and brokerage Business Brokerage and sales of land for housing, existing homes, real estate for profit, etc. (Main companies: Sekisui House, Ltd., Sekisui House Real Estate Group) Condominiums Business Development, sales and management of condominiums (Main companies: Sekisui House, Ltd., Sekisui House GM Partners. Ltd.) Urban redevelopment Business Development, management, and operation of office buildings, hotels, and rental condominiums (Main companies: Sekisui House, Ltd., Sekisui House Asset Management, Ltd., Sekisui House Hotel Management, Ltd.)
Overseas Business:	Sales of detached houses, development and sales of residential land, and development of condominiums for sales and rent, in overseas market (Main companies: Sekisui House US Holdings, LLC, Sekisui House Australia Holdings Pty Limited)

2. Method for calculating sales, profit, assets, liabilities, and other items for each reportable segment

The accounting policies for reportable operating segments are the same as noted under “Significant accounting policies for preparation of consolidated financial statements.”

Reportable segment profit is based on operating profit. Intersegment sales or transfers are based on prevailing market prices.

3. Information about sales, profit, assets, liabilities, and other items for each reportable segment

Fiscal year ended January 31, 2025

Investment in affiliates accounted for under the equity method	83,622	104,004	7,331	111,336	(1,983)	109,352
Increase in property, plant and equipment and intangible assets	5,434	77,455	104	77,560	22,331	99,891

(Notes) 1. The “Other” category is a business segment that is not included in the reporting segments.

2. Adjustments are as follows.

- (1) An adjustment of ¥(46,844) million for segment profit includes an elimination of intersegment transactions of ¥276 million and corporate expenses of ¥(47,120) million that have not been allocated to each segment. Corporate expenses mainly include general and administrative expenses and experimentation and research expenses that do not belong to any reportable segments.
- (2) An adjustment of ¥308,841 million for segment assets is corporate assets. Corporate assets are mainly parent company surplus operating funds (cash and securities), long-term investment funds (investment securities) and assets of the administration division.
- (3) An adjustment of ¥9,402 million for depreciation is depreciation expenses related to corporate assets.
- (4) An adjustment of ¥(1,983) million for investment in affiliates accounted for under the equity method is an elimination of intersegment transactions.
- (5) An adjustment of ¥22,331 million for increase in property, plant and equipment and intangible assets is a capital expenditure mainly for equipment for the headquarters.

3. Segment profit is adjusted to correspond to operating profit in the consolidated financial statements.

Independent Auditor's Report

The Board of Directors
Sekisui House, Ltd.

The Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Sekisui House, Ltd. and its consolidated subsidiaries (the Group), which comprise the consolidated balance sheet as at January 31, 2026, and the consolidated statements of income, comprehensive income, changes in equity, and cash flows for the year then ended, and notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at January 31, 2026, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Japan, including those applicable to audits of financial statements of public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of the audit of the consolidated financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition on real estate and real estate trust beneficiary rights transactions in relation to Development Business

Description of Key Audit Matter	Auditor's Response
<p>In the consolidated statement of income for the fiscal year ended January 31, 2026, the Group recorded net sales of ¥4,197,922 million (\$27,319,550 thousand) (*), which included ¥152,179 million (\$990,362 thousand) (*) in relation to the Development Business.</p> <p>The Group recognizes revenue from sales transactions of real estate and real estate trust beneficiary rights when substantially all of the risks and rewards of ownership have been transferred.</p> <p>In general, for sales of real estate, each transaction amount is material, and the terms and conditions are highly specific. This is particularly relevant for transactions involving real estate and real estate trust beneficiary rights in the Development Business compared with other businesses.</p> <p>Repurchase and leaseback options may be granted as a transaction condition under sales contracts. In addition, the seller may retain some continuing involvement such as providing management services or partial holding of equity interest after the sales.</p> <p>Moreover, certain real estate securitization schemes may be highly complex.</p> <p>In such cases, careful judgment is required to evaluate whether substantially all of the risks and rewards of ownership have been transferred. In the event that such determination is incorrect, the possibility exists that a significant amount of revenue could be recognized even though substantially all of the risks and rewards of ownership have not been completely transferred.</p>	<p>We conducted the following procedures for certain transactions that were identified based on audit risks to assess the judgment over the transfer of risks and rewards of ownership regarding revenue recognition on real estate and real estate trust beneficiary rights transactions in relation to the Development Business.</p> <ul style="list-style-type: none">• In order to understand the entire transaction scheme, we made inquiries to department in charge and inspected the minutes of Board of Directors' meetings and management committees, the requests for approval and related documents.• In order to verify whether any conditions such as repurchase, leaseback, and continuing involvement exist in relation to the transferred assets, we inspected related contracts such as sales contracts in addition to the minutes of Board of Directors' meetings and management committees, the request for approval and related documents.• In order to evaluate transaction amounts, we made comparisons with other transactions in nearby areas and similar transactions obtained from sources outside the Group and vouched the evidences such as contracts and cash receipts.• In order to substantiate the completion of the transfer of the assets, we inspected supporting evidence such as receipts and delivery confirmations.

Shape the future
with confidence

<p>Accordingly, we have determined the revenue recognition on real estate and real estate trust beneficiary rights transactions in relation to the Development Business to be a key audit matter.</p>	
---	--

Valuation of real estate for sale for which the period from acquisition to delivery is long	
Description of Key Audit Matter	Auditor’s Response
<p>The Group recorded “Buildings for sale”, “Land for sale in lots” and “Undeveloped land for sale” in the amounts of ¥1,093,574 million (\$7,116,842 thousand) (*), ¥1,507,781 million (\$9,812,450 thousand) (*) and ¥433,304 million (\$2,819,888 thousand) (*), respectively, as real estate for sale in the consolidated balance sheet as of January 31, 2026.</p> <p>Real estate for sale represents assets held primarily in the Real estate and brokerage Business, Condominiums Business, and Overseas Business. Certain projects associated with these businesses involve large-scale development work, coordination and negotiation with other landowners in the project area, and eviction negotiations with tenants of existing buildings. Therefore, it takes a relatively long period of time from acquisition to delivery.</p> <p>With regard to valuation of real estate for sale, as described in Note 3 “Significant accounting estimates (1) Valuation of real estate for sale,” if the net selling price of real estate for sale at the end of the year is less than the carrying value, the carrying value is reduced to its net selling price, with such reduction being recognized as loss on impairment.</p> <p>The net selling value is calculated by deducting the expected development cost from revenue earned by expected future sales.</p>	<p>We mainly conducted the following procedures for certain properties that were extracted based on audit risks to assess valuation of real estate for sale for which the period from acquisition to delivery is long.</p> <ul style="list-style-type: none"> • In order to understand the project plan, to verify its progress and whether there were any material changes that would significantly lower the net selling value, we made inquiries to the department in charge, and inspected the minutes of the Board of Directors’ meetings and management committees, requests for approval and related documents. Also, we examined the consistency between responses or the contents of documentation we inspected and the market reports obtained from external sources outside the Group. • In order to evaluate the estimation of future revenue from the sale of assets, we made comparisons using most recent actual sales results and other transactions in nearby areas obtained from external sources outside the Group. • In order to assess the effectiveness of management’s estimation process, we analyzed the estimates and actual amounts of sales prices in the prior years.

Shape the future
with confidence

<p>For expected future sales, there is a risk that profitability will be lower than initially expected due to real estate market conditions or various unforeseen external factors that had not been anticipated when the assets were acquired.</p> <p>In addition, there is a risk that the expected development cost will be significantly affected by changes in construction material prices and labor costs, and potential increases from the initial estimate due to development delays.</p> <p>Therefore, for real estate for sales for which the period from acquisition to delivery is long, there is a high degree of uncertainty in the estimates since future revenue as a key assumption requires a long period of time to be realized. In addition, it is based on subjective judgments from management since their estimates are based on the specific condition of each property.</p> <p>Accordingly, we have determined valuation of real estate for sale for which the period from acquisition to delivery is long to be a key audit matter.</p> <p>(*) The translation of Japanese yen amounts into U.S. dollar amounts has been made on the basis described in Note 1 to the consolidated financial statements.</p>	<ul style="list-style-type: none">• For the foreign subsidiaries assessed as significant components, since their valuation of real estate for sale is important, we made inquiries to the management of these components in order to understand the real estate market and competitive environment at their locations and regions, whether there were any relevant regulatory changes or their business plan.• For the foreign subsidiaries assessed as significant components, since their valuation of real estate for sale is important, we involved component auditors, provided audit instructions, and received reports on the results of the audit procedures in order to evaluate whether sufficient and appropriate audit evidence was obtained.

Other Information

The other information comprises the information included in the disclosure documents that contains audited consolidated financial statements, but does not include the consolidated financial statements and our auditor's report thereon. Management is responsible for preparation and disclosure of the other information. The Audit and Supervisory Board Member and the Audit and Supervisory Board are responsible for overseeing the Group's reporting process of the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management, the Audit and Supervisory Board Member and the Audit and Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Audit and Supervisory Board Member and the Audit and Supervisory Board are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances for our risk assessments, while the purpose of the audit of the consolidated financial statements is not expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Shape the future
with confidence

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation in accordance with accounting principles generally accepted in Japan.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit and Supervisory Board Member and the Audit and Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit and Supervisory Board Member and the Audit and Supervisory Board with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the consolidated financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied to reduce threats to an acceptable level.

From the matters communicated with the Audit and Supervisory Board Member and the Audit and Supervisory Board, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Convenience Translation

The U.S. dollar amounts in the accompanying consolidated financial statements with respect to the year ended January 31, 2026 are presented solely for convenience. Our audit also included the translation of Japanese yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 1 to the consolidated financial statements.

Fee-related Information

The fees for the audits of the financial statements of Sekisui House, Ltd. and its subsidiaries and other services provided by us and other EY member firms for the year ended January 31, 2026 are 849 million yen and 66 million yen, respectively.
